

April 28 Group 1

A safe and scenic route with an “uncivilized” feeling that promotes tourism, is long-lasting, easy to maintain, and supports agricultural, recreational and other economic needs.

April 28 Group 2

SR 7 provides a safe and scenic gateway to Mt. Rainier from Lewis and Pierce counties and links the outdoor recreation and economic development activities of the unique small towns that are located along the corridor.

April 28 Group 3

A safe, efficient highway preserving the scenic, rural nature of the area and serving all members of the community through all seasons of the year.

April 28 Group 4

A scenic and safe freight friendly transportation system that serves commuters and tourists, respects wildlife and addresses cultural and community needs.

Vision Statement

SR 7 is a safe, easily maintainable year round gateway to the Washington Cascades that serves transportation needs and addresses the wildlife, cultural and economic needs of the unique areas it serves.
